

# Institute of Information Technology

Institute of Information Technology (abbreviated **IIT**) is a department of the Faculty of Business and Entrepreneurship in Karviná (OPF) of the Silesian University in Opava, which ensures the use of information technology in the teaching process as well as in the operation of study, economic and administrative agendas.

The ITU manages the faculty's computer network and operates the faculty's comprehensive information system. ÚIT participates in teaching computer science courses and is involved in faculty research.
